

CHONG REN FOUNDATION
崇 仁 慈 善 基 金

Dear Contributors of Chong Ren Foundation,

Chong Ren Foundation, with your generous donation, along with Credit Suisse Group have committed US\$375,000 to the Reconstruction of Lianjiang Central Primary School.

Lianjiang Central Primary School would have very little chance to obtain any funding to reconstruct its school campus since it does not locate in the epicenter of the May 12, 2008 earthquake. However, with your generous donation, 592 school children, range from Pre-school to grade 6, and the 19 teachers of Lianjiang Central Primary School, will soon to resume their classes in a safer school building with full frame structure and seismic fortification of intensity 8.

Enclosed please find slides of pictures taken from the Ground Breaking Day of this meaningful project on February 20, 2009. We thank you for your help restoring the smile and hopeful future back to these school children's faces and lives.

We will continue to provide you the progress of the Project from time to time. In the mean time, please feel free to contact us for any questions or feedbacks.

Thank you very much.
